
Big Brother again

Posted by Ironside - 2008/06/05 16:23

Yet another Big Brother have started on Channel 4. I've got two words to describe this programme, pointless crap

I just cannot understand the mentality of somebody who would want to spend several weeks cooped up in a television studio being watched by millions of people, they must absolutely love themselves. And the people who actually sit down and watch the show, well, I'm afraid you are very easily satisfied, no offence meant:P
