## Mobility scooter hit and run

Posted by scipilot - 2007/12/04 12:55

---

POLICE are highlighting the regulations surrounding the use of mobility scooters in the wake of a recent 'hit and run' accident.

Jo Hankin, 54, suffered a broken leg and had to stay in hospital for a week after being hit by a scooter in Barnard Castle, County Durham.

The woman driver of the scooter drove away from the scene of the accident without stopping.

'hit and run' Dont they mean 'hit and scoot' :)

Shouldn't really laugh, but.....:laugh: :laugh:

Don't suppose the person with a broken leg found it very funny. I nearly got hit by a car myself the other day. I think the sun blinded him, how he missed me I will never know
